Dear Kevin Wessell,

Thank you for making an investment in my future by supporting JA Business Week! Before I attended this program I felt like I didn't have any interests in the many things that we have learned here. For example, finance, marketing, PR and many other things. Now I feel like my interests have shifted and I might consider doing one of these after high school. The volunteers and workshops at JA Business Week helped me learn that social skills and being confident takes a role that helps you make connections and learn many new things. My favorite part of this week was Thursday in our final company meeting because we were all working together to get everything finished on time. Because of JA Business Week, I have a better understanding of how the finance and marketing works. The most important thing that I will take with me is learning to work with different people and understanding that we have to make compromises to make sure we come to an agreement. I feel better prepared for giving presentations and talking to everyone and to be more social,

Thank you so much for your generous support!

Sincerely,

Mircia Chanra
